

Dynamic Design:

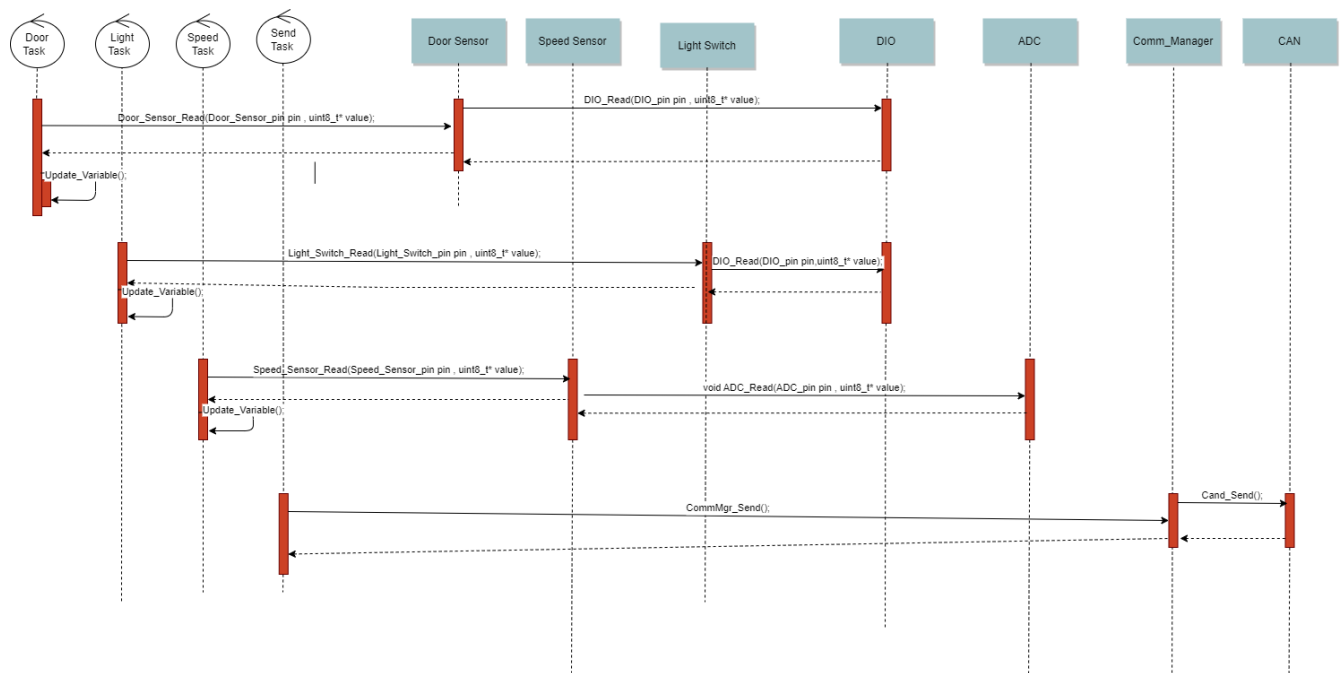

- State Diagram for ECU1

- State Diagram for ECU2

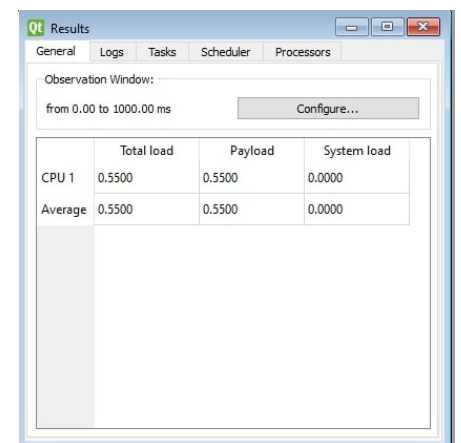

- Sequence Diagram for ECU1:

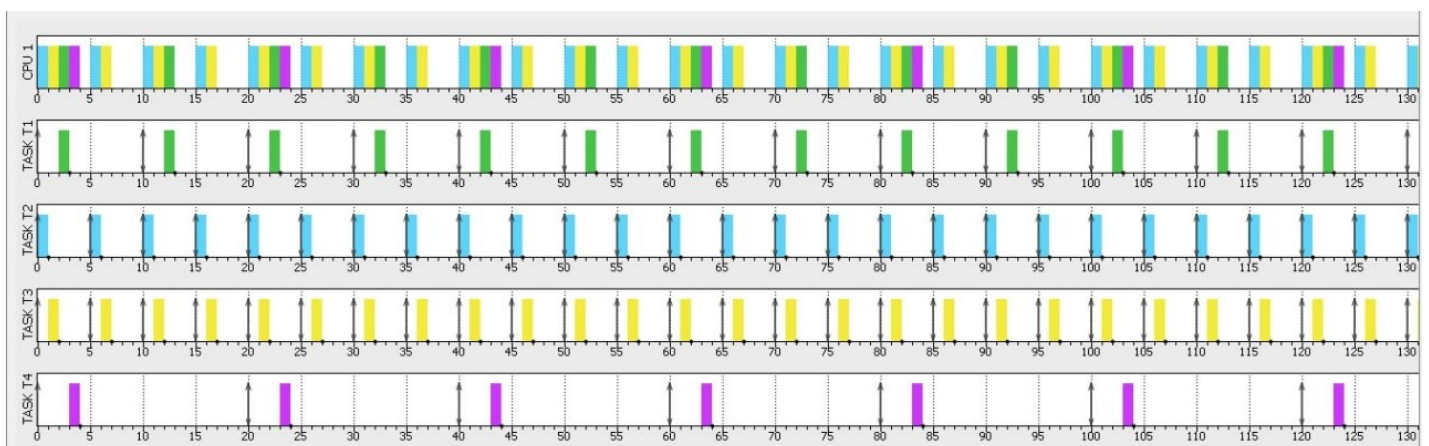

- CPU Load for ECU1:

- * Assume worst case execution time (WCT) for all tasks is 1 ms
- * Door task runs every 10ms
- * Light switch task runs every 20ms
- * Speed task runs every 5ms
- * Send task runs every 5ms

- Gantt Chart

- Sequence Diagram for ECU2:
